

De Dietrich

Washing machine

Ref.: DWF394QWE

Product highlights

Autodose By dosing the right amount of liquid detergent and fabric softener according to the type, quantity and degree of soiling of the clothes, Autodose helps to protect clothes, limit detergent consumption, and reduce polluting emissions.

Steam The steam penetrates the clothes, removes wrinkles, makes ironing easier and leaves your clothes soft and delicate.

Energy/water efficiency indicator 2 bars indicate the level of energy and water consumption according to the selected programme duration, temperature setting, spin speed and other options.
